The rarest!

Only a few winegrowers are producing Chablis Grand Cru Grenouilles. Proud of this familial legacy we age it with a lot of care. Located below the Grand Cru Grenouilles this vineyard age around 30 years produce delicate grappes ripened by a wonderful exposition to the sun.

Delicate and round, Grenouilles represent the elegance of the Chablis. Taste it is an unforgettable moment.

Chablis Grand Cru Grenouilles 2015

Guide Gilbert & Gaillard 92/100: Light yellow. Delicately floral and fruity nose showing white-fleshed fruits. Ample palate displaying lovely balanced fat and freshness. Power is nicely counterbalanced by aromatic precision and delicious fruit.
