Chablis without concessions.

Chablis Premier Cru Mont de Milieu is one of the right side premier cru, the side where the Grand Cru are situated.

Mont de Milieu express the chablisian terroir in its pure expression.

With an impressive minerality, it draws his strength and his aromas in the very limestoned soil of this terroir as well as in the sun which is never leaving this vineyard.

Chablis Premier Cru Mont de Milieu 2015

Guide Gilbert & Gaillard 90/100: Light yellow-gold. Subtle nose revealing refined floral, lemony and mineral notes after swirling. The relatively shy aromatics contrast with a fresh, silky and soft structure showing lovely persistency and precision.
